## 2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

### Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

World History: Modern, U.S. History, U.S. Government, Psychology, Calculus, Chemistry, Physics 1, Physics C: Mechanics, Computer Science A, Computer Science Principles, Environmental Science, Spanish Language and Culture, Music Theory and Studio Art.

Magnolia High has a strong PUENTE program. PUENTE is a partnership between our school and the University of California that is designed to improve the college-going success of under-served youth.

### 21st Century Focused College and Career Preparation

Magnolia High School offers courses that meet University of California A-G requirements, as well as honors courses and Advanced Placement (AP) courses in English, Mathematics, Science, Social Studies, Spanish, and Studio Art. Fifty-five percent of Magnolia High School students are enrolled in Visual and Performing Arts classes and/or interscholastic sports. Magnolia has begun a four-year partnership with Cal State Fullerton's GEARUP program, which will focus on the Class of 2024 throughout their four years of high school, and will provide targeted services to those students such as mentoring, tutoring, virtual and in-person field trips, special programs and workshops, and more. Magnolia also maintains relationships with OCAPICA, ETS, Upward Bound and AVID.

Magnolia's Cybersecurity Institute offers Southern California's first Cybersecurity Career Pathway. We partner with Cypress College and the University of California, Irvine. Students have the opportunity to start the pathway at the Junior High School level, continue to Magnolia High School and then go on to Cypress College to complete industry certifications or go directly to a 4-year university. Students have opportunities to earn industry certifications throughout the Cybersecurity pathway. This exclusive Cybersecurity Pathway where students receive ongoing industry exposure, earn industry certifications and earn dual enrollment college credits. Cybersecurity students completing our CS32 Program will graduate from Magnolia High School with credits toward their AA degree and have the opportunity to earn a Bachelor of Science in Computer Science in three years and guaranteed acceptance into UCI, Cal State Fullerton, and Cal Poly Pomona.

Magnolia High School is the first high school in the nation to offer the Vietnamese Dual Language Immersion Program at the secondary level. It is an academic language program combining with a CTE pathway, Software and Systems Development. Our Vietnamese Dual Language Immersion Program equips students with 21st century world language skills as well as technical skills. This is a CSBA Golden Bell Award Winning Program. Magnolia offers three plural-lingual programs including Spanish, French, and Vietnamese. Students are equipped in their selected world language and world views. Many Magnolia students pursue the Seal of Biliteracy.

Magnolia High School also has the Magnolia Agriscience Community Center (MACC) - A 2.5 acre regenerative urban farm on campus. The farm serves as a learning lab for AUHSD students to understand how to grow food sustainably. We've harnessed the power of the MACC with our Community Schools to create a synergistic mechanism to address the whole child as well as the whole community, which is located in a food desert. The MACC directly addresses the needs of the students by providing access to fresh fruits and vegetables during lunch. In addition, farm-to-fork produce boxes, grown at the MACC, are sold to the public. With each box sold, another box is donated to the surrounding community. The MACC, no doubt, is an asset to the Magnolia community and is open to serve our entire district as well.

MACC Theory to Action: We will strive to educate students, families, and the community about sustainable agricultural practices, food nourishment, and community building. Through this project, we hope to see a social and cultural shift in how our AUHSD community approaches food habits because of their new scientific literacy of cultivating and using their own food grown in their neighborhood.

The following Career Technical Education (CTE) pathways: Cybersecurity, Software and Systems Development, Construction Careers, Health Careers, Digital Photo & Media Arts, Criminal Justice Careers, Protective Services, and Teaching Careers. Magnolia High School has the Junior Reserve Officers' Training Corps (JROTC) program, which has been recognized every year for its excellence. Magnolia High School partners with the local elementary school to allow students in the child development field a chance to work with elementary age students as teacher assistants to learn firsthand about classroom teaching. Magnolia High School offers the following support programs to help close the achievement gap: English language arts (ELA) support classes, monthly Parent Education events, and after-school tutoring services with peer tutors through Anaheim Achieves, a YMCA community partner. At Magnolia High School, our freshman English and Biology classes collaborate to offer all students Civic Engagement opportunities. The students complete a human impact project, which includes addressing a concern in the community or at school. The students research and come up with an action plan to address the concern. The culminating activity is a soap box speech and an essay around their topic. Students then have the opportunity to earn the seal of Civic Engagement on their diploma upon graduation.

## 2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All content subject areas utilize standards-aligned, State and District adopted textbooks and instructional materials. Teachers have input into the textbook selection process at the district level through an established curriculum cycle. Teachers are given in-depth training on the instructional materials and the ancillary materials that accompany the basic textbook material. Ancillary materials support both the language needs and the learning needs of students.

## School Facility Conditions and Planned Improvements

Magnolia High School opened in 1961. The 43.7 acre campus includes 60 regular classrooms and a number of portable classrooms. There are 24 labs, which are designed for specific programs (i.e. computer labs, science labs, choral music room, etc.). The site also includes a media center, a gym and pool facility, and a variety of sports fields.

**Maintenance and Repair:** Site and District maintenance staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority.

**Cleaning Process and Schedule:** The District's Board of Trustees has adopted cleaning standards for all schools. The administration works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. All classrooms and restrooms are cleaned daily. Deep cleaning, including waxing of floors and painting, takes place during times when students are not in classes. Students, parents, and staff are encouraged to report any objectionable conditions via a uniform complaint procedure.

In August 2009, the front parking lot was completely renovated. The project resulted in more than twice the number of parking spaces in addition to improving the aesthetic appeal of the front of the school.

The most recent site inspection was completed on October 7, 2024. Magnolia high school is receiving 58 Million dollars in construction starting with the complete redesign of our main quad and speed line/cafeteria area that is complete with an outdoor stage and covered eating areas and increased seating capacity. Our tennis courts have been completely redone, our pool will be refurbished and our locker rooms ( shower lockers) and wrestling room will be completely redone. Starting in June of 2022, we will break ground on our new Cybersecurity building that will house main office, registrar, health office, attendance office and 8 state of the art classrooms. We are also scheduled to have a new theatre that will be built after the Cybersecurity building is complete.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## 2023-24 Career Technical Education Programs

Magnolia High School has six career pathways that represent several industries that suit the needs, interests, and demands of its diverse student body. During the 2023-24 school year courses were offered in the following career industry sectors: Arts, Media & Entertainment; Building & Construction Trades; Education, Child Development, and Family Services; Health Science & Medical Technology, and Cybersecurity.

Our CTE pathway courses are designed using the CTE Model Curriculum Standards, ensuring that students are developing the key skills needed to succeed in both school and the workplace. All of our teachers are trained to provide the best possible instruction for all students, including those in CTE pathways, with a focus on First Best Instruction. Our district measures the success of our CTE programs by evaluating the graduation rate, A-G completion rate, post-secondary enrollment, and when possible the career placement of students. This data guides which CTE pathways are offered, as well as the alignment between curriculum and the needs of each industry sector. CTE teachers attend regional advisory boards for each industry sector to stay up to date on the latest trends, skills desired of employers, employment outlook, and post-secondary programs related to the industry sector. These advisory boards are provided by Vital Link, a local non-profit organization that connects businesses with school districts, ensuring that the knowledge gained at the advisory boards represents the surrounding region.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2024-25 Opportunities for Parental Involvement

Magnolia High School is proud to offer a family-friendly environment for our students and their families. All parent and family engagement opportunities are listed on our school's website, school marquee and school calendar. Activities and events are advertised to families through recorded telephone messages, emails and flyers. Parent events include PTA meetings, Coffee with the Principal, Cookies with Counselors, Ready, Set, Go!, Parent Leadership Academy and Positive Discipline parenting

## 2024-25 Opportunities for Parental Involvement

classes. Additionally, we host Aeries Fiestas, Parent Learning Walks, Parent Saturday Academy, Cash for College Nights, and various Parent Nights. Parents are also invited to participate in School Site Council, English Learners Advisory Committee, Puente Advisory meetings and Cybersecurity Parent Leadership meetings. All family events and activities are offered in English and Spanish, and translation in other languages such as Vietnamese and Arabic is available as well. Our campus is proud to host movie nights that parents can attend with students and younger siblings. Parents are also encouraged to becoming involved in our Magnolia Agriscience Community Center (MACC) as parent volunteers or as participants in our Saturday Academy at the MACC. We have invited parents to tour our campus for learning walks in the classrooms and to be involved with the MACC.

At the beginning of the year, all families are invited to attend our annual Back to School Night and at the end of the school year, and our Open House/Steamapalooza in the spring. Both of these events also include resource fairs that provide our families with a variety of services and information. We also host various award nights such as English Language Development Awards, Sports Awards Nights, and Senior Awards Night. This year we plan to host an honor roll dinner and movie night for students and their families. We also have special Cybersecurity Awards Ceremonies and we honor parents for completing the parent leadership academy training and for volunteering and supporting our school.

Our Parent Center is open daily during the regular school year until 4:00pm and is staffed by our Family and Community Engagement Specialist (FACES). We also have a Community School Coordinator as additional support for our parents. All families are welcome to come to the Parent Center to use the computers or to obtain academic and community resources. Magnolia's Family and Community Engagement Specialist, or FACES, assists all parents by providing resources for families and parents to increase the academic achievement of their students. The FACES helps facilitate training and workshops for parents designed to help under-achieving students, such as Ready, Set, Go, Love and Logic and Disciplina Positiva, and the Parent Leadership Academy. Magnolia is now a Community School, with a Community School Coordinator and a teacher lead. The Community Schools Coordinator plans a Community Resource Fair twice a year to provide information and resources to struggling parents. The FACES trains parents on using Aeries and eKadence to monitor students' grades and progress. Magnolia has one Social Worker and sometimes interns available to students daily. District has also provided an additional counselor. The district also assists by providing other workshops and Parent Leadership Academies in languages other than Spanish, and by providing professional development to teachers and staff. The Anaheim Achieves program and CSUF GEAR UP provides tutoring to students, as well as other after-school options for students. Magnolia also has the following programs to assist under-achieving students: ETS, Upward Bound, Project Say, OCAPICA.

## 2024-25 School Safety Plan

The goal of the Magnolia High School/Anaheim Union High School District's Disaster/Safety Preparedness Plan is to prepare employees, students, parents and stakeholders to respond properly in emergency situations. This plan will provide a foundation for uniform planning throughout the school-site in order to minimize injury and loss of life. The safety and protection

## 2024-25 School Safety Plan

of students, employees, and facilities is of primary importance.

Our School Safety Plan is reviewed, discussed, and updated on an annual basis. Input is gathered from staff, students, and community resource groups (Anaheim Police Department and Anaheim Fire Department) along with the School Site Council in order to determine any needed changes.

Our present School Safety Action Plan was presented by Assistant Principal Randy Poggio in February of 2024, and approved by our School Site Council. We are currently revising our existing plan and will be sharing all changes in an upcoming school-site meeting in January 2025.

We completed an earthquake drill on October 17, 2024 where we reviewed all evacuation procedures with staff and students. We ordered and distributed additional classroom posters with lockdown procedures and protocols and made sure that all newly hired staff were properly trained in emergency procedures. We will have an additional lock down drill and another disaster drill scheduled for the spring of 2024. We purchased disaster emergency buckets for all classrooms and offices.

Additional safety measures include lock blocks on all doors, installation of perimeter fencing due to recent construction Magnolia has received, additional Campus Safety Aide, CSA, and additional lighting of pathways and parking lots. All people checking in to the campus must present ID and scan into the Raptor system.

Air purifiers continue to be used in classrooms and office spaces. Hand sanitizer, hand wipes and masks are encouraged and provided.

## 2021-22 Secondary Average Class Size and Class Size Distribution

This table displays the 2021-22 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

## Fiscal Year 2023-24 Types of Services Funded

Magnolia High School receives Title I and LCFF funding. The funds are used to supplement instructional programs, with particular emphasis in English Language Arts, Literacy, English Language Development, and Mathematics. The School Site Council, through the development of the School Plan for Student Achievement (SPSA), approves the expenditures associated with Title I and LCFF. Additionally, Perkins funding supports several Career Technical Education (CTE) pathway programs. Title IV supports Safe Schools and Physical Education programs, and TUPE supports Tobacco Use Prevention Education.

The EMT, Educational Monitoring Team, provides academic support services for struggling students. The 5Cs Coach works with all teachers to provide support in the Career Preparedness Systems Framework, which includes the 5Cs, hard and soft skills, and the Capstone Project, across all disciplines. Magnolia also receives grant money to provide for the MACC - the Magnolia Agriscience Community Center. Other community partners providing funding include AIME Mentorship program, OCAPICA, Project Say, Anaheim Achieves, Upward Bound, and more. Magnolia is also the recipient of California Community School Partnership funding. Magnolia is a Community School, and will be providing services for families and students for the duration of the grant and beyond.

Categorical funds help to enable underperforming students to meet standards by supporting after-school tutoring, providing for bilingual classroom aides and tutors, providing for the FACES in the parent center to facilitate all family engagement, funding professional development conferences, workshops, pull out days and extra hours for teachers and staff, paying for substitutes for those teachers being trained, paying half of the 5 Cs Coach who provides coaching and support for teachers, providing curricular technology and supplies, and providing additional staffing for support classes. These funds also support our Community Schools Program, which is a model program for the state.

## Professional Development

Teachers participate in a variety of District in-services as well as professional development workshops and conferences to enhance their content knowledge and instructional skills. This is in addition to four professional development days and weekly late-start meetings, which are scheduled each year for professional learning activities. Activities include departments PLCs, PTA development & calibration, and cross-curricular articulation. Teachers who are new to the teaching profession are also required to participate in a teacher induction program, which is supported by the District and mentor teachers. The District and school continue to train teachers in strategies to deliver a differentiated curriculum with depth and complexity. Teachers
